

Last Stop This Town

Eels

You're dead but the world keeps spinning
Take a spin through the world you left
It's getting dark a little too early
Are you missing the dearly bereft? Taking flight and you could be
Here tomorrow
Taking flight, well, you could get
Here tonight I'm gonna fly on down for the
Last stop to this town
What?
I'm gonna fly on down then fly away
Well, alright Taking a spin through the neighborhood
The neighbors scream
What ya talkin' bout?
'Cause they don't know how to
Let you in
And I can't let you out What if I was not your only friend
In this world
Can you take me where you're going
If you're never coming back I'm gonna fly on down for the
Last stop to this town
I'm gonna fly on down
Then fly away on my way Why don't we take a ride
Away up high
Through the neighborhood
Up over the billboards and the factories
And smoke I'm gonna fly on down for the
Last stop to this town
Yeah
I'm gonna fly on down
Then fly away on my way
Fly away
