Mourning Into Dancing

Gina Vera

Itâ€™s been raining for so long, I barely remember when the sun was bright and the world was right.
Iâ€™ve cried tears i did-nâ€™t know i had, some nights i just held on and prayed for dawn.
God has promised me this: One day the clouds will lift.

(Refrain):He said He would turn my mourning into dancing.
He said He woul turn my sorrow into joy.
His promise is that evâ€™ry day His mercy will be new
And i beleive that He will do just what He said He would do.

So let the storm do what it will; gonna keep trusting God is in control.
I will rest my soul.
And iâ€™ll be standing when the storm has passed.
Iâ€™ll see His glory com when this is done.
I know Heâ€™ll do what He says, so i will not forget
(Refrain)

(Bridge)When it seems all hope is lost, i will sing His praise because
(Refrain)
