

Blood from a Stone

Cycle V

Well Ive been walkin
Down a one way dirty street
Tryin to find the answers
And Ive been hopin
For a chance to meet
The rat that spread the cancer
And the lies theyve been spinnin
And the smiles theyve been grinnin
There sure has been some sinnin
But nobodys winnin
When the walls start to crumblin
Song text taken from stlyrics.com
You feel like youre stumblin
And nobody wants you when youre down
They took the boy from the city
But they cant take the city from the
Boys lookin pretty
Now hes lookin like a pity
Cut the flesh down to the bone
But you cant get
You cant get blood from a stone
You cant get blood from a stone
Well Im a rollin
But my trains gone off the tracks
And my wheels are spinnin
And Im a walkin
Down a one way dirty street
But my hearts not sinkin
From the love theyve been buyin
And the blues theyve been cryin
Now the time keeps a flyin
But nobodys tryin
Cause the love of the money
Didnt turn out so sunny
When the wells dry
No one comes around
They took the boy from the city
But they cant take the city from the
Boys lookin pretty
Now hes lookin like a pity
Cut the flesh down to the bone
But you cant get
You cant get blood from a stone
You can try
But I still got the fight in my eyes

Suck it dry
Cause Ive had about enough of your lies They took the boy from the city
But they cant take the city from the
Boys lookin pretty
Now hes lookin like a pity
Cut the flesh down to the bone
But you cant get blood from a stone They took the boy from the city
But they cant take the city from the
Boys lookin pretty
Now hes lookin like a pity
Cut the flesh down to the bone
But you cant get
You cant get blood from a stone, no You cant get blood from a stone
You cant get blood from a stone
You cant get blood from a stone
You cant get blood from a stone
You cant get blood from a stone
