Earwigs To Eternity

Alice Cooper

Oh, four years long
And oh, what a sigh to hear, my dearFour long years
Now we stop to hear a whisper
(Alice Cooper)All of the time, we have
All of the time, we have youAll of the time, we have
All of the time, we haveWe are throwing all of our hands so high, you out there
Singing lovely ditties beautiful songs for you to be awareAll of the time, we have
All of the time, we have youAll of the time, we have
All of the time, we have
All of the time, we have youYou're the one you're looking for, let me in, let me in
Who's there, who's there, who's there
