

I Just Wanna Say

Stephanie Mills

So much love
I never knew before
And every day
I need you more and more I was lost
With no love to be found
Then you came
Now love is all around There's so many reasons to love you so
Hold me, darling
Open your eyes, let your feelings show
I'm so willing to begin
Oh, oh, oh, oh, who, oh I just wanna say
Wanna stay
Together in love this way
Oh, I, I just wanna say
You are mine
From you I'll never stray
Oh, I, I just wanna say
Ooh, I pray
Our love is here to stay Suddenly
Everything is right
Want to be
With you day and night Seasons change
Faces come and go
But you and me
We're gonna let love grow Whenever you need, just turn my way
I'll be there
This gift what you gave me I can't repay
'Cause love is ours to share
Oh, oh, oh, who, oh, oh I just wanna say
Wanna stay
Together in love this way
Oh, I, I just wanna say
You are mine
From you I'll never stray
Oh, I, I just wanna say
Ooh, I pray
Our love is here to stay Ooh, I, I just wanna say
Wanna stay
Together in love this way, eee

I just wanna, just wanna
You are mine
From you I'll never stray, eee
I just wanna, I just wanna, I just wanna
Oooh, I pray
Our love is here to stay I just wanna say
Oh, oh, oh, together in love this way, eee
I just wanna, I just wanna, I, I, I
Oh yeah
From you I'll never stray
