

Family Table

Zac Brown Band

It's just an old piece of wood
On top of four legs
It's got a few coffee stains, and a thousand marks from "god knows when"
Ain't too many thing's, that could stand the test of time
But this family table's held together by love that never dies So won't you come on in?
Supper's almost done
Go ahead and call your friends
'Cause we got room for everyone
Let's make some memories, 'round this 9 foot pine
Pull up a chair and stay a while, at the family table
Family table It's the cornerstone that held us all up
Through the best of times
And made our way when times got tough
We blew the candles out
In our walk through time
This family table's, bound together by love that never dies Won't you come on in?
Supper's almost done
Go ahead and call your friends
'Cause we got room for everyone
Let's make some memories, 'round this 9 foot pine
Pull up a chair, stay a while Gather round, hand in hand
Close our eyes and bow our heads
Thank the lord for everything he's done, and for everyone
At the family table So please come on in, when your work is done
Go 'head and wash your hands
And gather 'round with everyone
Makin' some memories, 'round this 9 foot pine
No other place can ease your mind, like a family table
Family table
At the family table
Family table
