Hell Song

Izzy Stradlin

Everybody's got their problems
Everybody says the same thing to you
It's just a matter how you solve them
And knowing how to change the things you've been through
I fear I've come to realize
How fast life can be compromised
Stand back to see what's going on
I can't believe this happened to you, this happened to youIt's just a problem that we're faced with
Am I not the only one that hates to standby
Complication's headed first in this line
With all these pictures running through my mind Knowing endless consequences
I feel so useless in this
Can't patch that back and as for me, I can't believePart of me, won't agree
Cause I don't know if it's for sure
Suddenly, suddenly
I don't feel so insecure
AnymoreEverybody's got their problems
Everybody says the same things to you
It's just a matter how you solve them
What else are we supposed to doPart of me, won't agree
Cause I don't know if it's for sure
Suddenly, suddenly
I don't feel so insecure
Anymore(Why do things that matter the most
Never end up being what we chose
Now that I find out, it ain't so bad
I don't think I knew what I had)(Why do things that matter the most
Never end up being what we chose
Now that I find out, it ain't so bad
I don't think I knew what I had)
