Blue

Jenny Franck

Blue when someone else is over youâ€¨
Blue when she's kissing all I knew
You got your hands all tangled up in two
While someone else is, someone else is
Standing close to youI'm hating everything
You're loving what she brings
I can't decide whether to go
Or stay on the rideI feel blue when I'm the one that's close to youâ€¨
Blue when I'm feeling loved by youâ€¨
You got your mind on spending time with
The woman next to you
While someone else is, someone else is
Busy hating youWhy do I choose
To stay all tangled up with youâ€¨I know the truth
Somebody else is in your fantasy with youBlue when somebody's over you
Blue when she's kissing all I knewâ€¨I'm hating everything
You're loving what she brings
I can't decide whether to go
Or stay on the rideWhy do I choose
To stay all tangled up with youâ€¨I know the truth
Somebody else is in your fantasy with you
