

Steel Town

Airbourne

I work for a living
So Mr. don't call me sir
I spend my whole life gambling
For nothing much in return
But scars and burns
Steel town
Living in a steel town
Free and proud
Steel town
Working in a steel town
My hometown
I got my high school sweet heart
And my hometown team
Yeah, with my friends
All drinking at the corner bar
It's all that I need
'Cause I'm living free
Steel town
Living in a steel town
Free and proud
Steel town
Working in a steel town
My hometown
Keep on burning
Keep on turning

I'm branded by the fire
And my bloods running hot
And I'll be damned
If I don't stand and fight
'Cause this steel town
Is all that we got
Steel town
Living in a steel town
Free and proud
Steel town
Working in a steel town
My hometown
Steel town

Living in a steel town
Free and proud
Steel town
Working in a steel town
My hometown
Free and proud
Steel town
Living in a steel town
Free and proud
Steel town
Working in a steel town
Free and proud
