

# River Of Love

[Leann Rimes](#)

My heart's been thirsty, my spirit's runnin' dry  
And I think I feel a drop of rain  
I see the lightning strikin' the sky  
Sometimes a stone can bring a change  
Now your love's comin' back  
Like water, all around me  
This feelin' here inside  
Is risin' like a tide to the sea  
Take me away on the river of love  
I wanna go where you go  
Take me away on the river of love  
Just let me roll with the flow  
On the river of love  
Now I don't worry 'bout what's 'round the bends  
As long as you're by my side  
My destination is right where I am  
I'm just enjoyin' the ride  
When I needed your love  
It rained down from above me  
Now I'm over my head  
And I can feel it set me free  
Take me away on the river of love  
I wanna go where you go  
Take me away on the river of love  
Just let me roll with the flow  
On the river of love  
Ooh yeah, on the river of love  
Ooh yeah, on the river of love  
River of love
