

# This Shattered Symphony

## Coheed and Cambria

Oh, I'm giving up  
The one I love  
I'll conduct the great disaster  
To scar my skin, to own this hurt They offered their hearts and we tore them apart  
They offered their blood and we left them so parched  
I don't know if I can give you  
Anything you want Go on and give me the gun, never mind what I've done  
They left me no choice, oh, they left me no choice  
Go on and give me the gun, let me blow them open  
It's out of my reach, never mind what they think about me I don't want to say  
That with mercy, we decay  
Converging closer and faster  
Does all I touch turn to dust? And she confessed her love, only I shut her up  
As I took all her words and allowed them to rust  
I don't know if I'm the man  
You truly want to love, oh Go on and give me the gun, never mind what I've done  
They left me no choice, oh, they left me no choice  
Go on and give me the gun, let me blow them open  
It's out of my reach, never mind what they think about me Little have they learned anything about me  
Meddling eyes that judge mistakes  
What awful things they say  
When backs are turned and no one's looking Go on and give me the gun, never mind what I've done  
They left me no choice, oh, they left me no choice  
Go on and give me the gun, let me blow them open  
It's out of my reach, never mind what they think about me Oh, in this shattered symphony  
Oh, in this shattered symphony Give me the gun  
Give me the gun  
Go on and give me the gun
