

Going Down Slow

Ray Charles

Well Ive had my fun if I dont get well no more

Well Ive had my fun if I dont get well no more

Yeah my head is spinning

And Im going down slow

Please write my mother tell her the shape Im in

Please write my mother tell her the shape Im in

Tell her to pray for me

Forgive me for my sins

(harmonica solo)Dont send me no doctor he wont do me no good

Dont send me no doctor he wont do me no good

I said its all my fault

Did do things I shouldnt have... (chris)

(guitar solo)Driftin and stumblin like a ship out on the sea

Driftin and stumblin like a ship out on the sea

I aint got nobody

To care for me
