

# Good Old Music

## Funkadelic

(Shake your head)  
Everybody's gettin' funky  
In the days when the funk was gone  
I recall not long ago  
When the funk it was goin' strong Now, they were rocking upside the wall  
(To funky music)  
Rockin' out in the hall  
(To funky music) Now, they were jumpin' up and having a ball  
(To funky music)  
Music's got them beggin' for more Give me more, give me more, come on  
Give me more, give me more of that  
Good old funky music, yeah  
Good old funky music, yeah Yes, indeed they're movin'  
Yes, they are doin' it to and fro  
Yes, indeed they're groovin'  
To that music that will let them go You know they started somewhere round about midnight  
(To funky music)  
And they rocked it all night until daylight  
(To funky music) Music that was groovin' my mother  
(To funky music)  
It's groovy for my sister and brother Give me more, give me more  
(Come on, let's sing it together)  
Give me more, give me more of that  
Good old funky music, yeah  
Good old funky music, yeah Music that was groovin' my mother  
(Funky music)  
It's groovy for my sister and brother  
Good old funky music, yeah  
Good old funky music, yeah
