

# Suffocate

Tata Young

Time  
You said that's all I need  
Away from you  
So why  
Do you tie me in a knot I can't undo  
You're holdin' me so tight  
As if I'm leavin' you tonight  
Just tryin' to let you know  
That it's all got too much for meChorus:  
'Coz I can't get, get where I wanna  
When you got me stuck in a corner  
And you can't see, see what you're doing to me  
Baby, I need a room to breathe  
I can't feel what I oughta  
When you hold me under the water  
No, I can't breathe  
Why can't you see?  
That you're suffocating me?  
(Yeah, yeah, eh, oh oh)  
Suffocating meWhat do you want from me?  
How can I give you more when you strangle my emotion?  
Insecurities are shutting every door that's open  
I can feel it when you hold me  
That you're tryin' to control me  
I try to walk away but I can't move  
When your nails are in my feet(Repeat Chorus)You wanna hold me down  
Try and put me inside, afraid  
You want me all stuck down here forever, ever  
You try to bring me down  
And tell me that I'm to blame  
It's all too much to take  
It's never gonna be the same(Repeat Chorus)Suffocating me  
Suffocating me
