

# Hey You Girl

## Plan B

Yo, it's dat left field thinkin' out the box  
Never thought it would happen  
Never thought we could do it  
Hey you girl, you turning me on  
(Jim Jones, Pitbull)  
(The way she sex)  
Hey you girl, you turning me on  
(The way she moves)  
Hey you girl, you turning me on  
(She so nasty)  
Hey you girl, you turning me on  
She's outrageous and with that thing she got  
She contagious, pretty please, girl, get in my face with it  
I swear I don't wanna hit it, I wanna taste it  
Hey, let's party all night long to the morning  
Hey, let's party all night long to the morning  
This something new for the public  
Dem dem dem DJ's gone love it  
Dem dem dem dough boys gone pump it  
From, from, from, nothing to something  
Pitt, Pitt, Pitt, keeping it jumpin'  
Naw, naw, naw, naw, now what the business is?  
I went from, went from, went from poor to ownin' businesses  
I live my dream, dream  
I buy a couple of properties instead of dat bling, bling  
But forget 'bout that girl  
Let me see that tongue ring  
Let me see that tongue ring  
Let me see that tongue ring  
Let me see that tongue ring  
Get it, get it, get it, get it, get it  
The dayum thing  
But before we get freaky  
Girl, let me tell you one thing  
Get it, get it, get it, get it, get it  
The dayum thing  
But before we get freaky  
Girl, let me tell you one thing  
Hey you girl, you turning me on

(The way she sex)  
Hey you girl, you turning me on  
(The way she moves)  
Hey you girl, you turning me on  
(She so nasty)  
Hey you girl, you turning me on  
She's outrageous and with that thing she got  
She contagious, pretty please, girl, get in my face with it  
I swear I don't wanna hit it, I wanna taste it  
Hey, let's party all night long to the morning  
Hey, let's party all night long to the morning  
Hey you girl, with the tights up skirt  
Shake it, shake it, don't break it  
Take it, take it down to the floor  
Make it, make it, do things you never done before  
Baby, baby, you crazy, all the lady, ladies get low  
You, yeah, you baby, you know what to do  
And then you and me, baby, we can do what we do  
Breathe hard and hard and they can come in too  
And they can all have fun you know grindin' for sure, let's go  
Hey you girl, you turning me on  
(The way she sex)  
Hey you girl, you turning me on  
(The way she moves)  
Hey you girl, you turning me on  
(She so nasty)  
Hey you girl, you turning me on  
She's outrageous and with that thing she got  
She contagious, pretty please, girl, get in my face with it  
I swear I don't wanna hit it, I wanna taste it  
Hey, let's party all night long to the morning  
Hey, let's party all night long to the morning  
I said weo weo weo  
Weo weo wea  
Weo weo weo  
Weo weo wea  
Shake it, shake it, don't break it  
Take it, take it down to the floor  
Down to the floor

D-d-down to the floor  
Hey you girl, you turning me on  
(The way she sex)  
Hey you girl, you turning me on

(The way she moves)  
Hey you girl, you turning me on  
(She so nasty)

She contagious, pretty please, girl, get in my face with it  
I swear I don't wanna hit it, I wanna taste it
