# Miracle Mile

## Sasha

Everybody please pay attention, let me change your life
Take your chance, here comes the incredible
And there's plenty for all of youSo what you waitin' for, don't be second-best
All you need is to sign, we'll provide the rest
So come and get your invitationAnd enjoy your stay
Don't walk by
Don't you try to resistHey, take a ride
Come and enter the madness, keep out the sadness
Throw in a dime for a smile on the Miracle Mile
Miracle MileYou got time, we offer the spaces, don't think too much
You won't find any sorrow
There's no regrets on silly clown facesBeat the industry, get the guarantee
For a ticket to build your reality
We'll exceed all expectationsYou just have to stay
Don't walk by
Don't you try to resistHey, take a ride
Come and enter the madness, keep out the sadness
Throw in a dime for a smile on the Miracle MileMiracle Mile
Miracle MileWon't you stay?
Don't walk by
Don't you try to resistHey, take a ride
Come and enter the madness, keep out the sadness
Throw in a dime for a smile on the Miracle Mile
