

Censorshit

Gob

 censorshit.
to me i think it absolutely stinks,
 what does it really mean?
 i wonder if they know?
that they are so fucked and they just deny it.
 there's no question about it.
'cause they really suck and they don't know their thumb(head's) stuck

 all the time. but wait, what's this?
in their ass and they keep covering it up, all the time.
 everyone has heard the bullshit lines.
you hear all the rest of the fucking lies and they keep on covering it up,
 what exactly is happening to us?
our world? don't you think its sort of fucked
