

In My Nature (feat. 8 Ball & MJG)

Luniz

As I precede to count my dividends plenty ends that I done made
With plenty bitches, with plenty men that they done played
I'm laid back up in the cut with a cup of yakI raise up with all the game that I've been holdin' back
Take your pumps off bitch, let me check out yo heals
We pimps from Houston, Texas to California for real
My pockets hurtin' baby, I need some financial loveSo get where you supposed to
And do what you does, get your facial done baby
Do your physic well, no holdin' jail over, resent mail
No hoes with no clothes torn up and ripped apartDomestic violence bitches want out battered and scared
You fake hoes take of your drawls take yo pajamas
Beat it with a hammer and scrape it across the ground
I found a new bitch for MJG and the Luniz
This pimpin' got me on cloud 10, I'm feelin' zumieHustlin', it's in my nature
Hustlin', don't be afraid
Hustlin', it's in my nature
Hustlin', don't be afraidI'm creatin' havok on hood spots
The hustle don't quit until the good stop
But don't sleep, we leavin' cars on wood blocks
An' lookin' for could be nots drivin' by lookin' wide eyedGone acid washed jeans, T-shirt lookin' tyedye
FM beats lettin' loose on big trips to Vegas
Candy green polly dubbed nips lookin' outrageous
Big pimpin' and panderin', big boostin' and gamblin'Everything is all good until police start manhandlin'
Picture me grappled, scrappled, snatched up by yo asshole
Indicted on some chump charges that I didn't even ask for
Gettin' hastled by wild boys, like gettin' lassoed by cowboysAny instructions given, he put some more shit on
like now boy
Like I'm supposed to jump out my Nikes and start sweatin'
Boss said anything, I'm makin' the plan to start jettin' off
Ooh ah, don't look behind until my shoes stop
The only thing on my mind is losin' you copHustlin', it's in my nature
Hustlin', don't be afraid
Hustlin', it's in my nature
Hustlin', don't be afraidSomeone's knockin' at my door, oh who could it be
Big baller with the sawed off, choppin' off all below your knees
I testify, not glorify, when I get high, tell all that listen
What I see through my blood shot eyes, my peers they die
Why, over they set they ride on cheddar cheeseOn they knees, how one to the head behind them keys
I dip through, the town on a rocket ship sittin' on twinkie
Smokin' sticky and breathin' until my breathe get stinky

Pops that pinky, never could seem to get his shit togetherRan like DMC, left me livin' tougher than leather,
teenage eyes

Soakin' up the streets like a sponge, drugs and guns

And freakin' hoes seemed to be so fun, from the beginnin'

I've been sittin', tryin' to be winnin', dissin' bitchesFuckin' hoes, conversatin with women

Workin' out pimp ass nigga since my day of birth

It's in my blood nigga

I'm gonna hustle till I leave this EarthHustlin', it's in my nature

Hustlin', don't be afraid

Hustlin', it's in my nature

Hustlin', don't be afraidNigga, it's in my blood to fuck around with these thugs

Straight villans, drug dealin', 38 snuff consume, niggas buck pealin'

I love millions, plus stackin' them chips on up to the ceiling

Sittin' on fat like banks, without no scratch and no dankWe gettin' bank, to set it off like Jada Pinkett

In a major way, just witness, business flossin'

Boss playas kickin' champagne wishes before this rap business

Playas I went from rags to riches, to havin' cash and bad ass bitchesSince day one, yo nigga been slangin' that

A-1 Yola

Hit ups savings for razor blades and bakin' soda

Paper chasin', usin' V-12 to swell up the cola

Baby just shakin', turnin' the liquid form into bolasI Chef like Raekwon, those friends that wanna blaze

One come over, dropped the Napalm until you scream

Straight cream on up, coughin' up they lungs

They come back screamin' for more when it's over

Slangin' these head rhymes to young soldiers

These [unverified] known as hustlers, niggaHustlin', it's in my nature

Hustlin', don't be afraid

Hustlin', it's in my nature

Hustlin', don't be afraidHustlin', it's in my nature

Hustlin', don't be afraid

Hustlin', it's in my nature

Hustlin', don't be afraidHustlin', it's in my nature

Hustlin', don't be afraid

Hustlin', it's in my nature

Hustlin', don't be afraid
