Your Biggest Mistake

Test Icicles

Go! - The deepest cut
Searching for a stroke of luck
But what the fuck
Even happened here?And now I've got
To see this through
Time was lost
For something new
So say goodnight
If thats what you wanna doYour biggest mistakeSix months later
Up & go
Gotta go meet gator(I have to keep reminding myself I'm not in a movie)In my head - nothing stays
Regret fills-me everyday
But if no-one's listening
Then I'll be okNow I'm losing time
Someone press rewind
I guess I really messed up this timeYour biggest mistakeWhere have I gone for so long?Lost control of fate
Now there's no escape
Lost control of fate
My biggest mistakeNo EscapeYour biggest mistake
