English

-

Do you remember the time we spent together? L.O.V.E LUV
Are you excited? Once it was everything L.O.V.E LUV
The time we had comes to my mind sometimes L.O.V.E LUV
Can we turn back the time?
I can't believe our long past story

(MY LOVE) On a day I'm particularly tired
(MY LOVE) There is no one by my side (L.O.V.E LUV)
I want to cry
On someone's shoulder

The time when we were not afraid of anything
Holding Hands
The days when I needed nothing
If you were standing next to me

Do you remember the time we spent together? L.O.V.E LUV
Are you excited? Once it was everything L.O.V.E LUV
The time we had comes to my mind sometimes L.O.V.E LUV
Can we turn back the time?
I can't believe our long past story

(MY LOVE) With many people I run into
(MY LOVE) I will gradually forget about you (L.O.V.E LUV)
But sometimes I smile
At the thought of that time

The time when anything made us happy
Looking at each other

You were my strength
When you trusted me

Do you remember the time we spent together? L.O.V.E LUV
Are you excited? Once it was everything L.O.V.E LUV
The time we had comes to my mind sometimes L.O.V.E LUV
Can we turn back the time?
I can't believe our long past story

(Do you) miss me?
(Do you) miss me?
(I) miss you
You are somewhere in my memory like that

Do you remember the time we spent together? L.O.V.E LUV
Are you excited? Once it was everything L.O.V.E LUV
The time we had comes to my mind sometimes L.O.V.E LUV
Can we turn back the time?
I can't believe our long past story
