Broken Handed

Sr-71

If you wanted to, could your heart be true
If you wanted to, could you not want
Anyone else's world
Anyone else's world
If you wanted it just break off a bit
If you wanted a taste of
Someone else's world
Somebody else's world
I'm a Broken Handed Superman
You're a Krypton-nightingale Snow White
Now I understand
It's something I understand
Some things I understand
If I wanted to, could my faith be true
If I wanted to, could I not want
Anyone else's world
Anyone else's world
If I wanted it, I'd break off a bit
If I wanted a taste of
Someone else's world?
Somebody else's world?
I'm a Broken Handed Superman
You're a Krypton-nightingale Snow White
Now you understand

Now do you understand?
Some things I don't understand
There is no sin and virtue here
Just the Devil and the Jesus road
All my angels and all my demons
Always see me, all my demons
If you wanted to, could your heart be true
If you wanted to, could you not run
Anyone else's world
Anyone else's world
I'm a Broken Handed Superman
You're a Krypton-nightingale Snow White
Now you understand
Now do you do understand?

Now do you understand?
Always see me
Always see me
(I can't understand)
Always see me
Always see me
Always see me
Always see me
Always
