

Christmas Wish

[Faith Evans](#)

It's always the same at every Christmas
When love comes alive around the world
We open up our hearts when love is in the air
It seems such a shame to me
It's a season that comes only once a year
So let's make a Christmas wish together
Let's hope the best of dreams come true
Let's make the spirit last forever
This is my Christmas wish for you
If I could give any gift I wanted
A present to every boy and girl
I'd make it a miracle that came from God above
A picture of peace on earth
Where each person is judged by the power of love
It seems such a shame to me
It's a season that comes only once a year
