

Dark Blue

Jack's Mannequin

I have, I have you breathing down my neck (breathing down my neck)
I don't, don't know what you could possibly expect under this condition so
I'll wait, I'll wait for the ambulance to come (ambulance to come)
Pick us up off the floor
What did you possibly expect under this condition so...

Slow down.. this night's a perfect shade of
Dark blue (dark blue)
Have you ever been alone in a crowded room when I'm here with you
I said the world could be burning and burning down
Dark blue (dark blue)
Have you ever been alone in a crowded room well I'm here with you
I said the world could be burning 'til there's nothing but dark blue..
Just dark blue

And this flood (this flood) is slowly rising up swallowing the ground
Beneath my feet, Tell me how anybody thinks under this condition so
I'll swim I'll swim as the water rises up, sun is sinking down
And now all I can see are the planets in a row
Suggesting it's best that I slow down

This night's a perfect shade of
Dark blue (dark blue)
Have you ever been alone in a crowded room when I'm here with you
I said the world could be burning (burning) down
Dark blue (dark blue)
Have you ever been alone in a crowded room well I'm here with you
I said the world could be burning dark blue

We were boxing
We were boxing the stars
We were boxing (we were boxing)
You were swinging for Mars
Remember water reached the West Coast
And took the power lines (the power lines)
And it was me and you (this could last forever)
And the whole town under water
There was nothing we could do
And it was dark blue

Dark blue (dark blue)

Have you ever been alone in a crowded room well I'm here with you

I said the world could be burning and burning down

Dark blue

Have you ever been alone in a crowded room well I'm here with you

I said the world could be burning now there's nothing but dark blue

If you've ever been alone...you'll know...dark blue

If you've ever been alone...you'll know...you'll know
