

Lovin' It

VA Ariana Grande & MIKA, Ariana Grande & Nathan Sy

Baby don't ya know you got all my love (all my love)
Baby don't ya know you got all my love (all my love) Verse 1:
Hold up, wait, before you go just stay, and talk to me for a little
Baby won't you loosen up just a little
Seems that you don't understand, fallin' in love wasn't part of my plan
Started with a crush, now I call you my man
How could I ever fall in love, ever fall in love again (Pre chorus)
Cause you give me chills every time we chill
I spend all of my days doin' doin' (Chorus)
Nothin' but lovin' ya, nothin' but lovin' ya baby
(Boy you got all my time)
I'm lovin' ya lovin' I'm lovin' ya lovin' ya baby
(Boy you got all my, all my)
Love and affection all the attention, you don't gotta question is it for real
Lovin' ya lovin' I'm lovin' ya lovin' it baby
(Boy you got all my, all my) Verse 2:
Hold up, wait, shut up and kiss me babe I just wanna get a little taste
I just wanna get a little taste before you go
Seems that you don't understand, fallin' in love wasn't part of my plan
Started with a crush now I call you my man,
how could I ever fall in love, ever fall in love again. (Pre chorus)
Cause you give me chills everytime we chill I spend all of my days, doin' doin' (Chorus)
Nothin' but lovin' ya, nothin' but lovin' ya baby
(Boy you got all my time)
I'm lovin' ya lovin' I'm lovin' ya lovin' ya baby

Love and affection all the attention, you don't gotta question is it for real

So let me make it clear to you that boy you're all I need, oh baby (Chorus)
