My Dear

Vanderveen

Much before I met you
I thought only things of you
Thought that I could reason one thingMuch before I met you
There was nothing I wouldn't do
I would try anything, ohSo why don't we just say
What we have to say
Why don't we just wait a while
and move on anythingWon't you just wait for me dear
Cause I know you've come all this way
Won't you just wait for me dear
Cause I know you've come all this wayNow because I met you
There's so much I wanna do
And our time slowly slips awaySo why don't we just say
What we have to say
Why don't we just wait a while
And move on anythingWon't you just wait for me dear
Cause I know you've come all this way
Won't you just wait for me dear
Cause I know you've come all this way(instrumental)Won't you just wait for me dear
Cause I know you've come all this way
Won't you just wait for me dear
Cause I know you've come all this way (x2)
