

# Lowlands Theme from Moby Dick

## Ali Darragh

I dreamed I dreamed the other night  
Lowlands, lowlands away my John  
I dreamed I dreamed the other night  
Lowlands away

I dreamed I saw my own true love  
Lowlands, lowlands away my John  
He stood so still, he did not move  
Lowlands away

I knew my love was drowned and dead  
Lowlands, lowlands away my John  
He stood still, no word he said  
Lowlands away

Around his form green reeds had hold  
Lowlands away

I will cut away my bonnie hair  
Lowlands, lowlands away my John  
No other man will think me fair  
Lowlands away
