

# That's Enough (With Mary Ann Fisher and Raelets)

[Ray Charles](#)

Baby, if you want me to love you  
Here's what you gotta do  
You got to love me (that's enough)  
You got to hug me (that's enough) You got to kiss me (that's enough)  
You got to miss me (that's enough)  
You got to hold, hold me in your arms  
And that's enough, well  
Oh, that's enoughh yeahBaby if you want me for your man  
Here's what you gotta understand  
You got to squeeze me (that's enough)  
You got to please me (that's enough)  
Everyday (that's enough)  
Whoah, all the way (that's enough)  
You got to hold, hold me in your arms and that's enough  
Come on now  
And that's enough, yeahBaby if you want to stay on my mind now  
You got to love your daddy all the time  
I want my baby (that's enough)  
I don't mean maybe (that's enough)  
I want my baby (that's enough)  
Come on and drive me crazy (that's enough)  
Just hold me in your arms and that's enough, well  
And that's enough, yeah
