Waterborne

In Hearts Wake

Crawling under a jealous sun
I fear the ghost you could become
So I called upon the clouds
Raindrops fell as I hit the groundHigher than the vultures fly
Deeper than the blue in the desert sky
The oasis in the sands
Bringing life to the barren landsWe are waterborne
We are waterborneYou were my, you were my lifeline
The blood that runs in my veins
Without you, everything fades away
You were my, you were my lifeline
The blood that runs in my veins
Without you, everything fades away
The river now changes course
Timeless reflections of our discord
A generation taught upstream
I don't need you
But you need meHigher than the vultures fly
Deeper than the blue in the desert sky
The oasis in the sands
Bringing life to the barren landsWe are waterborne
We are waterborneYou were my, you were my lifeline
The blood that runs in my veins
Without you, everything fades away
You were my, you were my lifeline
The blood that runs in my veins
Without you, everything fades away
Nowhere to go
When the worlds run dry
Nowhere to run
When the waters riseUnstoppable force!
Nowhere to go!
When the worlds run dry!
Nowhere to run!
When the waters rise!You were my, you were my lifeline
The blood that runs in my veins
Without you, everything fades away
You were my, you were my lifeline
The blood that runs in my veins

Without you, everything fades away
