Cricklewood

Snuff

You're dreaming and it's getting easier
Some big surprise, but you'll hide it
Of course you don't want to believe it
Tell a little lie let it fade away
Walk into the same mistakes
Round in circles counting time regardlessIt's just nonsense, is it any wonder
You can't sweep it all aside, or hide it
Or get a decent answer with 13 and a half percent extra
Cold comfort might suit you
One more hand extended
One more day deleted
You're dreamingI'm sure you'll find a reason to do it all again
A pissed up navvie and a beaten up whore
A tramp trying to ponse enough just one more
The blossom comes out same time each year
Just counting time regardlessYou're dreaming and it's getting easier
Some big surprise, but you'll hide it
Of course you don't want to believe it
Tell a little lie let it fade away
Walk into the same mistakes
Round in circles counting time regardless
