Get The Girl Back

Hanson

She s about to walk away
So if you re gonna make her wanna stay
Tell her she s your moon and sun
Tell her that she s always been the one
You ve gotta say it from the heart
Cause she will know a fake right from the start
A girl like that deserves the best
So you ve got to show her (show her!) that you re not like all the rest
It s about time that you put your cards back on the table
It s about time that you show her you re willing and able
It s about time that you get the girl back
That you get the girl back on your side
You ve got to get the girl back, get the girl back
You ve got to get the girl back
Tell her she was always right
You were in the wrong, you can t deny
Cause when she s caught somebody s eye
It ll be too late to apologize
Before she shuts you out

You ve got to tell her (tell her!) tell her that there is no doubt
It s about time that you put your cards back on the table
It s about time that you show her you re willing and able
It s about time that you get the girl back
That you get the girl back on your side
You ve got to get the girl back, get the girl back, yeah
You ve got to get the, you ve got to get the girl back
Get the girl back
You ve got to get the girl back, get the girl back, back on your side
Get the girl back, get the girl back, you ve got to, got to
Get the girl back, get the girl back, back on your side
Get the girl back, get the girl back, cause it s
It s about time that you got the girl
It s about time
Get the girl back, get the girl back, back on your side
Get the girl back, get the girl back, back on your side
Get the girl back, get the girl back, back on your side
Get the girl back, you ve got to get the girl back
