Sirius

Alrakis

A blind bargain, can't you see a cloud of secrecy
Voices whispering, for they might get heard
Play with fire, be insane
It's a danger game, cast aside
Guiding star leads the waySirius, SiriusOur ocean's, a red sea
But you won't change your ways
Moving close, as the giant stares on
The money and the power unite, cast aside
Guiding star lights the waySirius, Sirius
Sirius, SiriusThe brightness in this sky
Light years we've tried
As our children's echoes become lonely cries
The money and the power divide us
Cast aside
Guiding star lights the waySirius
We'll see who cares
Sirius
For those who dare
Sirius
The time will tell
Sirius
Time will tell
