

# You Got It All

## MYMP

I, i was a game he would play  
He brought the clouds to my day  
    Then like a ray of light  
You came my way one night  
    Just one look and i knew  
You would make everything clear  
    Make all the clouds disappear  
        Put all your fears to rest  
        Who do i love the best?  
Don't you know, don't you know You got it all over him  
    You got me over him  
        Honey it's true  
        There's just you  
You must have been heaven sent  
    Hearing me call you went  
        Out on a limb  
        And you're all that he's not  
        Just look what i got  
        Cause you got it all  
Over him No, don't let him worry you so  
    Once i met you i let go  
        Oh you can surely see  
        You're so much more to me  
        Just one look and i knew  
You would make everything clear  
    Make all the clouds disappear  
        You're better than all the rest  
        Who do i love the best  
Don't you know, don't you know You got it all over him  
    You got me over him  
        Honey it's true  
        There's just you  
You must have been heaven sent  
    Hearing me call you went  
        Out on a limb  
        And you're all that he's not  
        Just look what i got  
        Cause you got it all  
        All over him

(you got it all over him, you got me over him)

Honey it's true there's just you

You must have been heaven sent

Hearing me call you went

Out on a limb

And you're all that he's not

Just look what i got

Cause you got it all

All over him
