

# Dollars & Cents

## Radiohead

There are many things to talk about  
Be constructive  
There are weapons we can use  
Be constructive with your blues Even when it's only warnings  
Even when you talk the war games Oh why don't you quiet down? (maybe I want peace and honesty)  
Why don't you quiet down? (maybe I want to live in the children's land and you know maybe, maybe I)  
Why don't you quiet down? (maybe I'll wander the promised land I want peace and honesty)  
Why don't you quiet down? (I want to live in the promised land and maybe wander the children's land)  
Quiet down (yeah, and there, there we can free) You don't live in a business world and  
You never go out and you never stay  
We won our goals in a liberal world  
Living in times when I could stand it, babe All over, baby's crying  
It'll all be, baby, I can see out of here  
All over the planet's dead  
All over the planet, so let me out of here  
All over the, all over the, all over the, all over the We are the dollars and cents and the pounds and pence (quiet  
down)  
And the mark and the yen, and yeah  
We're gonna crack your little souls (why don't you quiet down?)  
We're gonna crack your little souls (why don't you quiet down?)  
We are the dollars and cents and the pounds and pence (why don't you quiet down?)  
And the pounds and pence, and yeah  
We're gonna crack your little souls  
Crack your little souls  
We are the dollars and cents
