

Just Got Lucky (Re-Recorded)

Dokken

I should'a known better, should'a seen right through
Over and over falling in love with you
Wanting you for myself, my first mistake
Finding out the hard way was all that I could take You were just using someone
And I was the one She said, "You just got lucky", I believed your deadly lies
You just got lucky, I've been hypnotized
She said, "You just got lucky", I believed your deadly lies
You just got lucky, you're a Devil in disguise Don't wanna hear no lies, no apologies
Imagination gets the best of me
I'm looking everywhere still I see your face
I'll never forget you, you put me in my place You were just using someone
And I was the one She said, "You just got lucky", I believed your deadly lies
You just got lucky, I've been hypnotized
She said, "You just got lucky", I believed your deadly lies
You just got lucky, you're a Devil in disguise Now that is over and I've seen right through
Not looking back again, I'll start anew
Was making love to you such a wasted time
Maybe I love you still I'll get you off my mind You were just using someone
And I was the one She said, "You just got lucky", I believed your deadly lies
You just got lucky, I've been hypnotized
She said, "You just got lucky", I was taken by surprise
You just got lucky, you're a Devil in disguise You just got lucky
You just got lucky
Yeah oh yeah yeah
