

All I Got

Young Chop

[Hook: Young Chop] x8

All I got, all I got

This money and music that's all I got[Verse 1: Young Chop]

All I got, all I got, is this fifty and this mac

All I got, all I got is them shooters up in the back

All I got, nigga wanna take my chain, that's a wrap

All I got, pop a nigga, young berg, I take it back

All I got, niggas hating on the kid

All I got, these bitch ass niggas picking wigs

All I got, y'all niggas talk a lot of shit

All I got, I got this thirty with this beam, ho

I got this 4-5 with extendo

Blow a nigga like Nintendo (Cartridges)

I got the forty with that beam ho[Hook][Verse 2: Fat Trel]

All I got, is this hunnid' clip and this mop

All I got, is some bitches beggin' for top

All I got, my True Religion pocket squad

All I got, Maybach Music, we make a lot

That's all I got, you try to take my chain it's a wrap

We bustin' shots, my young nigga gon' set up shop

I'll bust a block, my migo bitch in California grow the pot

They askin' question like the cops, ho

I got this chopper out the window, a Swisher filled with endo

I blow that at your kinfolk, grrra, at your kinfolk
