Homie Lover Friend

R. Kelly

Homie lover friend is what I'm looking for
Some one who can relate to what I have in store
She can kick back with da homies
Play the stake and getting playedThat down to earth girl from around the world, hey
We will be together for all times
I need a homie lover friend
That will always be mineA homie lover friend is what I'm looking forShe can relate to my sex drive
Cuffing her booty while we dance and she don't mind
She's got everything
That a man could ever want and more, yes she doesAnd her sexy gangsta way
She's got me all up in a day
Homie lover friend
Is what I need for alwaysA homie lover friend is what I'm looking forShes the kinda lady that will do any thing for me
That she truly loves, yeah she love
Followers you know she would, yeah
She is sum kind of Sadie
She will satisfy me
