

Just As I Am

Deitrick Haddon

Yeah, Yeah, Yeah... Ooooh Yeah, Yeah, Yeah Yeah[Verse]I felt every bit of the pain, had to walk through the shame....

Tell me, have you ever had to keep silent? While they scandalize your name...

God, you were right there. Healing my wounds, wiping my tears

There is no better place that I rather be than your care, Oh Lord[Chorus]You love me, Just As I Am

Weary and wounded, Just As I Am

My heart in ruins, Just As I Am

Only you Lord, can put me back together again

You love me, Just As I Am

Lord, when I felt defeated, Just As I Am

When my trust was depleted, Just As I Am

Only you Lord, can put me back together again[Verse]I never knew that doing good, could turn out so bad

Even though the bad don't outweigh , the good times I've had...

Could have walked away from it all, but I'm dedicated to the cross...

Oh Lord, you're always there to catch me if I fall[Back to Chorus][Bridge]Oh, I never said I was perfect,

How I wished it was true...

when I'm done singing and walk off the stage,

I realize I'm human like you,

and even though God knew,

all the wrong I could do,

He held my hand, He called me Just As I AmJust As I Am (x4)

You Love, You Love Me (x4)

Just As I Am (x4)

You Love, You Love Me (x4)Just As I Am
