

# Runaway

Andy Bell

Fall in love  
All I want is love Don't you touch me  
Baby don't you touch me  
What do you see?  
You're in ecstasy On a mission  
Haunted by the vision  
Got to believe it  
Now 1-2-3 yeah Caught in a trap  
Then we change  
All is moving on And now you're lost in outer space  
And all I want is love (Fall in love)  
When did I dream  
(Will I fall in love?)  
That's it's only love? Runaway, get away  
Gotta fly away  
TV warm  
Following scenery Incredible getaway  
Gotta fly away  
Billowing submarine  
Flyaway When did I dream  
That's it's only love  
That you lost? I'm gonna miss you  
How I'm gonna miss you  
Man or machine  
And your ex don't care On a mission  
Boy is on a mission  
Got to believe it  
Now 1-2-3 yeah Caught in a trap  
Then we change  
All is moving on And now you're lost in outer space  
And all I want is love (Fall in love)  
When did I dream  
(Will I fall in love?)  
That's it's only love? Runaway get away  
Gotta fly away  
TV warm  
Following scenery Incredible getaway  
Gotta fly away  
Billowing submarine

Flyaway When did I dream  
That's it's only love  
That you lost? (Fall in love)  
When did I dream  
(Will I fall in love?)  
That's it's only love? Runaway get away  
Gotta fly away  
TV warm  
Following scenery Incredible getaway  
Gotta fly away  
Billowing submarine  
Flyaway Runaway get away  
Gotta fly away  
TV warm  
Following scenery Incredible getaway  
Gotta fly away  
Billowing submarine  
Flyaway
