Of the Soul

MAC MILLER

Don't even know what's in my head anymore though,
Figured out i ain't gonna go to college lead course,
Fucking girls but I never kept the door closed,
Want you all to hear the way i put it in her torso,
I ain't normal, i'm clinically insane,
I guess it's the result of drugs that entering my brain,
All the sudden every legend keep on mentioning my name,
All that does is show me that my life would never be the same,
Police try and figure out how to get me locked up,
I tell them bi**hs suck dog nuts,
Arriving to the party in the chariot,
Looking for a scary bitch that I can pop her cherry bi**ch,
I'm very sick, yes very ill,
Eternal sunshine, Jim Carrey feel,
At the amusement park, scared of heights ferris wheel,
Double dare me to kill.got some soul like de la do say i'm new, it's nothing but some deja vu
everywhere i go, these people hate on you, deja vu, deja vu
lil soul like de la do they say i'm new, it's nothing but some deja vu
everywhere i go, these people hate on you, deja vu, deja vuWind chimes, sick rhymes, been high, on this incline,
Trying to get my money stack and toss 6-9,
Have some caviar, sip wine, sacrifice insanity,
Sacrificing normal, purpose is for people in the plural,
Form never formal, an art form not in en euro,
Work for bars that are tighter than your cornrolls,
See a girl that's looking horny in the 4th row,
I just put it in her mouth, ortho-dontist,
manipulating phonics, put them in the sonis,
Let me put you on this, nastier than Noz is,
Bubonic Plague,
Bacteria that's trying to find a way, spread like yolk of a broken egg
Talk shit, you just digging your grave,got some soulsay i'm new, it's nothing but some dj vu
everywhere i go, these people hate on you, dj vu, dj vu
got some soulsay i'm new, it's nothing but some dj vu
everywhere i go, these people hate on you, dj vu, dj vuhypothetically, of dope i kick incredibly,
potential could be the remedy,
for happiness, without the ecstasy
no methamphetamines, 10 degrees
when i was 17 i thought i had it figured out
now i see what this about

it's crucial, 3 new school
all this fucking people that i never met
some expect, me to be the greatest ever
hear me on the radio shit will change forever
now i'm just a pop sensation, fuck your expectations
i'ma be the best, have some patience
it was nothing but some dj vu.
