

Straight to You

Nick Cave & The Bad Seeds

All the towers of ivory are crumbling
And the swallows have sharpened their beaks

This is the time of our great undoing
This is the time that I'll come running

Straight to you
For I am captured
Straight to you
For I am captured
One more time

The light in our window is fading
The candle gutters on the ledge
Well now sorrow, it comes a-stealing
And I'll cry, girl, but I'll come a-running

Straight to you
For I am captured
Straight to you
For I am captured

Once again Gone are the days of rainbows
Gone are the nights of swinging from the stars
For the sea will swallow up the mountains
And the sky will throw thunder-bolts and sparks

Straight at you
But I'll come a-running
Straight to you
But I'll come a-running
One more time

Heaven has denied us it's kingdom
The saints are drunk howling at the moon
The chariots of angels are colliding
Well, I'll run, babe, but I'll come running

Straight to you
For I am captured
Straight to you
For I am captured
One more time
