Oxygen

Ronan Keating

You know when you ask why i'm still standing here,
Standing here with you.
You know my reply is always candid dear,
What else would I do?
So fold in your wings,
Pull up your landing gear and have me back for keeps.
Your mad if you think I'd abandon.. you and me.Not in love with you cause I want to be,
It's not up to me, you know.
I'm in love with you cause I have to be,
Your my oxygen, your my oxygen, your my oxygen and I breath you in.
(Woah)So time and again, through thick and thin,
I spin and orbit back to you.
Like the beat in my chest is my GPS,
Knows best on how to find you.So give a little credit and you gratitude,
Show a little love cause I hold my breath for you
So fill up my lungs and watch the world that's come right into view.Not in love with you cause I want to be,
It's not up to me, you know.
I'm in love with you cause I have to be,
Your my oxygen, your my oxygen, your my oxygen and I breath you in.
(Woah)Fill up my lungs and let me come alive, come alive.
Fill up my lungs and let me breath back into you.Fill up my lungs and let me come alive, come alive.
Fill up my lungs and let me breath back into you.Fill up my lungs and let me come alive, come alive.
Fill up my lungs and let me breath back into you,
Back into you, back into you, back into you.Not in love with you cause I want to be,
It's not up to me, you know.
I'm in love with you cause I have to be,
Your my oxygen, your my oxygen.Not in love with you cause I want to be,
It's not up to me, you know.
I'm in love with you cause I have to be,
Your my oxygen, your my oxygen, your my oxygen and I breath you in.
(Woah)Fill up my lungs and let me come alive, come alive.
Fill up my lungs and let me breath back into you.
