

We Are One

Sam Garrett

-- We are One - Sam Garrett --

Sitaram
Oh, sitaram

Oh, Namah Shiva Shivaya

You are so beautiful, you are complete
You are the beggar, you meet on the streets
You are divine, you are incline to be
Well, I pray to god, that you will be free

'cause I want you to run, feel the grass on your feet
And I want you to share with all that you meet
â€™cause we are one race, we are one family
And when you find your soul, thereâ€™s no room for greed

So come come mothers
Come come fathers
Come come sisters
Come come brothers
I say come the whole world, see what you learn now
â€™cause I wanna say, is nNamaste to you

So, let this light come and shine down upon you all

CHORUS:

â€™cause I know now where iâ€™m going,
And iâ€™ll take you all along
And iâ€™m smiling in my eyes,
And I see praises in my soul

Come Jah rivers and Jah mountains
We are one, and one for all
Yes i know, oh oh oh oh
Yes i know,
We are one

Donâ€™t you know?
Yes,

Oh, Mooji baba

Nothing can happen without Mooji's doing,
So you should find out what you're pursuing,
Do you want money and fame,
wanna piece of the game now,
Or you are ready to see,
Go beyond your beliefs
'cause this is time of heard(?), and a time of war
But nobody knows, what its all for
Can't you see money is blind
You got in the disguise, oh
You must surrender to life ,
Oh, Namah Shivaya

So come come mothers
Come come fathers
Come my sisters and my brothers
And I say come the whole world,
See what you learn now,
'cause all I wanna say, is Namaste to you

So, let Guruji light come and shine down upon you all

CHORUS:

'cause I know now where i'm going and i'll take you all along
when i'm smiling in my eyes and i see praises in my soul

Come Jah rivers and Jah mountains
We are one and one for all
Yes I know, oh oh oh oh,
Yes I know, (oh, i know)
Yes, now i know (i know)
Yes I know (i know)
Yes I know

Oh, Ramana, yes he knows
Holy buddha, yes he knows
Ananda Mayi Ma, yes she knows
Rama Krishna, yes he knows
Holy Jeshua yes he knows
Mahamed, yes he knows
Papaji, Papaji,
Oh I know, yes I know, that we are one
With sisters and brothers
Don't you know?

We are one,
Weâ€™ve prompted to save Mother, yeah

We are one
Om namaya, om namaya, om namaya

We are one
Om namaya, om namaya, om namaya

Well I know Jah knows, yes he does
Donâ€™t you know, oh
Donâ€™t you know, oh
That, We are one
