

# Blood Oath

## Grand Magus

From my soul  
I dispose the weak  
Enslave, all kings left dethroned  
I pronounce  
My oath in Blood Withdrawn from my veins I spill  
An existence defined  
By the paths I saturate Laws you impose  
Get overruled  
Irrelevant ways of the fools  
Sentenced before higher courts  
I'm self detained,  
In ways you judge not Detours denied,  
Tell tales, of masses who failed  
Unearth and incinerate the old  
Feeble ways From my soul  
I dispose the weak  
Enslave, all kings left dethroned  
I pronounce  
My oath in Blood Bleed the fucking truth  
Or die by the fraud  
That's become of you  
Denounce clones and amongst  
Kings, who use the flame and burn Blood in, blood out  
Blood in, blood out Detours denied,  
Tell tales, of masses who failed  
Unearth and incinerate the old  
Feeble ways Bleed for the oath taken  
Bleed for the oath taken Detours denied,  
Tell tales, of masses who failed  
Unearth and incinerate the old  
Feeble ways From my soul  
I dispose the weak  
Enslave, all kings left dethroned  
I pronounce  
My oath in Blood
