

I Just Love You

Five For Fighting

Lonely, yeah, that's the word
I leave my heart when I leave her
The days go on forever
And the nights do too
One evenin' out on the road
Half a world away from home
I thought she was sleepin'
When the call came through
And I said, "Darling, it's late
Is everything okay?"
And silence took over the room
'Til she said
"I, I just love you
I don't know why? I just do
When are you coming home?"
I'm coming home soon
And I, I just love you too
Lonely lets me be
For a while she sets me free
I close my eyes
And I dream of her
She's lost in my arms
Her head on my heart
And softly she whispers
The words
I, I just love you
I don't know why? I just do
When are you coming home?
I'm coming home soon
And I, I just love you too
I'll never stop being amazed
How my 4 year old girl
Knows exactly what to say
I, I just love you
I don't know why? I just do
When are you coming home?"
I'm coming home soon
'Cause I just love you too
