

Ring The Bell

White Hinterland

No time for farewells,
I-i don't get much done on a road too soft
Sure, we fell on some hard times, honey
Who doesn't, doesn't mean we can't get back up!
I always say that this song will be the last I ever write
But I also said this year will be my last
Chasing you!
Chasing you up the hill, come on
Ring the bell
Ring the bell
Ring the bell
For me, I need you to
Ring the bell
Ring the bell
Ring the bell
And I'll come to you Don't think yourself unusual
Like you're the first to send a prayer
Way out into the infinite unknown,
Only to be told return to sender
One of us is always halfway out the door
When the other one wants back in
But honey, the distance we cover is only
Equal to the work we put in
Come on!
Ring the bell
Ring the bell
Ring the bell
For me
Ring the bell
Ring the bell
Ring the bell
For me Are you the answer to the question in my heart?
You are the answer to the question in my heart.
I am the answer to the question in my heart
When you need me, when you want me
When you need me, when you want me
Why doesn't it hurt?
