

# Jihad

## Motherjane

I believe in Jihad  
I die to him return  
And I know, in my heart  
His will is the sermonThus my faith  
Speaks to me  
No innocent shall be slainLouder than most things  
This world shouts  
Shouts out , in his nameFor all hate is poison  
Distilled in painAnd what's alien to heaven  
Is practiced in vain  
And what's alien to heaven  
Is practiced in vainThus my faith  
Speaks to me  
No innocent shall be slainLouder than most things  
This world shouts  
Shouts out in his nameI believe in Jihad  
If love is the weapon
