

# In My Time Of Need

[Ryan Adams](#)

Will you comfort me, in my time of need?  
Can you take away the pain of a hurtful deeds?  
'Cause when we need it most, theres no rain at all  
And the dust just settles right there on the feed  
Will you say to me little rains gonna come  
When the sky cant offer none to me  
'Cause I will come for you, when my days are through  
And Ill let your smile just off and carry me  
'Cause when the calm comes down, I take the truck on into town  
And buy whatever we cant seem to grow  
I work these hands to bleed 'cause I got mouths to feed  
And I got fifteen dollars hid above the stove  
Will you say to me little rains gonna come  
When the sky cant offer none to me  
'Cause I will come for you, when my days are through  
And Ill let your smile just off and carry me  
'Cause it aint like it was on back in those days  
When everyone would offer up a hand  
These old bones are worn, Ive grown tiresome  
And I know my time is surely gonna come  
Will you comfort me in my time of need?  
Can you take away the pain of hurtful deeds?  
'Cause I will comfort you when my days are through  
And Ill let your smile just off and carry me  
Lord we married young and stayed where we came from  
Gave those children everything we had  
Will you stay with me, in my time of need?  
Though it seems we had such little time for us  
Will you say to me little rains gonna come  
When the sky cant offer none to me  
'Cause I will come for you, when my days are through  
And Ill let your smile just off and carry me
