

# And How I Hoped for Your Love

[Abbey Lincoln](#)

And I thought that life  
Would be so cold  
I thought I'd need someone to hold  
Like in the stories I was told  
And then we met  
I can't forget  
How we laughed  
And then, suddenly the end  
I hoped, hoped for your love  
For your love, for your love  
How I hoped for your love  
For your love, for your love
