

This Is The End

Rabia Sorda

waiting `till the dawn to face that
i`m here at the end
all the great illusions remain
true to the end
waiting `till the dawn to face that
i`m here at the end
but nothing can stop our FATE
and that is true to the end nothing can stop it now
the end of all time`s tonight this is the end nothing can stop
this is the end of all we see, this is the end
nothing can stop it now
this is just the time to face, this is the end
nothing can stop
there`s nothing more to say but screaming
this is the END!!!
