[Curren$y Spitta]Bout the strength of the quality
We smell
You can tell that I'm somewhere in the building
On my batman shit
Niggas suspended from the ceiling
Not really
But that's the way the weed got me feeling
?
Mami you got the vision
And I see it HD
And it couldn't be any clearer
You should be with Spitta
And you know that this your chance
Don't blow it like birthday candles
Good guy Spitta keep his name outta them scandals
It's not a secret
I prefer my girls in sneakers
Never sandals
Posing naked in only a pair of nike ?
It's bottle pop
Back to back
Extra large
Cellphone, camera's out
Mama I remember that
Anytime I look at that
I go to wondering where you at
So baby where you at
With it
And I'm just tryna hi-hit it on the friendly
And maybe we get back up ina minute
[Chorus X2]Fast cars
Fly clothes
G5 flying on the seashore
Get in
Baby I'm just tryna hit it on the friendly
So tell me if you is
Or if you isn't
Well then

Yuh
[Wiz Khalifa]Listen
If you with it
Get in
What you sippin'
Hit it out of the park
That's if you pitching
First you look at me wrong
Like uh uhh no he didn't
Then you turn into robin on me
You start to give in
Get it
By the beach watchin tennis
Crack anotha bottle of Perrion
LouieV carry on's when you visit
Sending all them singles in yo sidekick
Sentence
Then I reply like
Be there in a minute
Just put me n Curren$y on yo friendlist
The weed come from a village
Truck tire sour diesel scented
Thats real shit
From smelling this she wanna see how the cigar taste
We litting refer bumping 808's & heartbreaks
Skinny broad but out them jeans she got a heart shape
Skip the movie date & take her to the horse race yea
And bet it all on the winner
Young entrepreneur give you the business with it yeaaaaaaaa.
[Chorus X2]Fast cars
Fly clothes
G5 flying on the seashore
Get in
Baby I'm just tryna hit it on the friendly
So tell me if you is
Or if you isn't
Well then
Yuh
